**CHRISTMAS SHIPS WALK**

Please note that the starting point and times for the Christmas Ships walk were changed from those listed in the Pathfinder.

The 5k walkers will not get to the viewing area by the Hawthorne Bridge to see the boats.

You should be able to see some of the boats of the Columbia River Fleet going towards the River Place Marina as you are walking along the West side of the Willamette River heading towards the Burnside and Morrison Bridges. At the Morrison Bridge is the 5k turnaround.

6.3k walkers will do the same route (they should start No Later Than 3:30pm), They will go past the Burnside and Morrison Bridges to just past the Hawthorne Bridge to its viewing area. There walkers should be able to see the boats of the combined fleets circling around from the marina to the Hawthorne Bridge until all the boats of the Willamette River Fleet are out of the River Place Marina (are supposed to be out by 4:30pm) and then both fleets (which are now combined) depart towards Lake Oswego going under the Tilikum Crossing Bridge.

10k walkers can start at 3pm, suggested to start No Later Than 3:30pm so they can get all the way south to the Tilikum Crossing Bridge (the turnaround at 5 km) a few minutes before 4:30pm when the combined fleets of the Columbia River and Willamette River will depart River Place Marina heading south going under the Tilikum Crossing Bridge to Lake Oswego at the George Rogers Park area, then turning around coming back.

It gets dark by 4:30 pm so it is recommended that you bring a flashlight for added light, even though there are city lights for most of the way. Map walk only.
